

Digital Life Skills: What are they? Name: _____

1. Before talking about digital technology, what are some *other* life skills we need to be ready for digital technologies?
2. Technologies change whether or not we want them to and are ready for them. What computer skills will help us keep up with evolving technologies?
3. How do digital life skills help us prepare for careers?
4. Many rewarding careers of the future do not exist now. How do we get ready for future technologies and careers?
5. What skills do you have now that you consider digital life skills?
6. In what ways can we enhance these digital life skills?
7. What are some new digital life skills that might be fun to share in class?
